

# Peace In Our Land

We are connected you and I;  
Over the earth and under the sky.  
We are the same under our skin;  
We may be different without, but we're the same within.  
We are the same within...  
And there is love for you and me;  
Let there be hope and harmony. Let there be harmony...

## Chorus:

Let there be peace in our land;  
Let there be love, let us understand.  
Let there be peace, all over the world;  
Let there be love, let there be happiness...

Brothers and sisters all are we;  
Who share one world who share one dream.  
It's up to us to plant the seed;  
It's up to us we must believe.  
We must believe... And do our part, you and me;  
Do it together in harmony.  
Let there be harmony...

## Chorus

Put your two fingers up, raise your right hand  
Everybody let's have peace in our land  
Divided we fall, united we stand;  
Everybody let's have peace in our land...  
Say Peace; "Peace!" Say Peace; "Peace!" Say Peace; "Peace!"  
Let's have peace in our land... *(repeat)*

## Repeat Chorus

Say a prayer for peace, for every nation;  
Say a prayer for peace;  
Let there be peace in our land.  
Say a prayer for peace, for all of creation  
Say a prayer for peace;  
Let there be peace in our land...  
Say a prayer for peace, for every nation;  
Say a prayer for peace;  
Let there be peace in our land.

## A Smile Is A Smile Is A Smile

Oh you may not know how to say hello  
In Spain or France or Tokyo  
But if you've got a face you can make your case  
'Cause a smile is a smile is a smile

Oh you may be brave or you may be shy  
Afraid to speak and don't know why  
Well just curl your mouth and let your fears go south  
'Cause a smile is a smile is a smile

A smile doesn't need a language  
A smile only needs a heart  
To give direction to your face  
So you can make the sun shine all over the place

So when things get tough, wanna shed a tear  
Just show your teeth from ear to ear  
Doesn't cost a thing so go on and grin  
Make somebody's day worthwhile  
'Cause a smile is a smile is a smile

Whether we're big or small, together we're all,  
One big, one big family

Are you ready for a brand new beat (yeah, yeah, yeah)  
Throughout the galaxy (yeah, yeah, yeah)

# Love Comes In Every Color

You and I don't look the same  
Your eyes are brown and my eyes are green  
But we both like to laugh And we both like to sing  
And we both feel the joy that love can bring

Chorus

Love comes in every color  
Love comes in every size and shape  
You know, love comes in every shade there is  
Just like a rainbow is every shade of love

You may be dark, I may be tall  
I may be light, you may be small  
But we both love to play and we both love to dream  
And we both love the feeling a great big hug can bring

Chorus

Inside each one of us, there's something we can't see  
But we can feel it in our hearts  
And when we let it out and share it with somebody else  
We make the world feel better and love stays love forever

Chorus

Just like a rainbow is every shade of love.
