

Hitch Your Wagon To A Star

*The itsy, bitsy spider went up the water spout
Down came the rain and washed the spider out
Out came the sun and dried up all the rain
And the itsy, bitsy spider crawled up the spout again*

Oh hitch your wagon to a star
And ride, ride away
Ride away up to the moon
Oh hitch your wagon to a star
And ride, ride away
You're gonna go real far

Oh, ith a little bit of faith
With a little little bit of love
With a little bit of you know who
That means you
Oh you can catch the sun
Throw a lasso 'round the sun
Whatever it is just believe and you'll the job done

Oh hitch your wagon to a star
And ride, ride away
Ride away up to the moon
Oh hitch your wagon to a star
And ride, ride away
You're gonna go real far

You know there's only one of you,
You're special through and through
You've got style, you've got smarts, you've got grace
So like that spider keep on climbin'
Just try, try, try
You've got whatever it takes

Heart Of A Lion

I've got the heart of a lion, so I can't be afraid
I've got the heart of a lion, to help me on my way
I've got the heart of a lion, big and brave and strong
I've got the heart of a lion, to help me sing my song

I've got the wings of an eagle, so I can fly so high
I've got the wings of an eagle, so I can touch the sky
I've got the wings of an eagle, so wide so sure, so strong
I've got the winds of an eagle, to help me sing my song

I've got the whole world inside of me
I've got everything inside of me
I've got the whole world inside of me
I've got the world inside of me.

I've got the soul of a mountain, rising up above
I've got the soul of a mountain, made with so much love
I've got the soul of a mountain, beautiful and strong
I've got the soul of a mountain, to help me sing my song

I've got the whole world inside of me
I've got everything inside of me
I've got the whole world inside of me
I've got the world inside of me.

I've got the whole world inside of me
I've got everything inside of me
I've got the whole world inside of me
I've got the world inside of me.

Little Acts Of Kindness

Little acts of kindness
Little acts of kindness
Little acts of kindness everyday

Little acts of kindness
Little acts of kindness
Gotta show, little acts of kindness along the way

Gotta do something everyday
Something so sweet
Gotta do something everyday
To help someone
Gotta do something everyday
To show that you care
Help somebody else to get it done
Gotta show

Little acts of kindness
Little acts of kindness
Little acts of kindness everyday

Little acts of kindness
Little acts of kindness
Gotta show, little acts of kindness along the way

Little acts of kindness
Little acts of kindness
Little acts of kindness everyday

Little acts of kindness
Little acts of kindness
Gotta show, little acts of kindness along the way

When You Believe

When you close your eyes and see the world a peaceful place to be
When you fill your mind with love for all your friends and family
Something wonderful is happening, and it's all because of you
Everytime that you imagine
That's what you do

When you believe its just like magic
When you believe what's in your heart
There's something good that happens inside
When you believe it's just like magic
Every sunrise is for you
It's true
When you believe

One day you will dream your dream, one day it will appear
And you will touch someone, somehow in the world somewhere
Something wonderful is happening, and it all because of you
Everytime that you imagine
That's what you do

When you believe its just like magic
When you believe what's in your heart
There's something good that happens inside
When you believe it's just like magic
Every sunrise is for you
It's true
When you believe

The Good You Do Lives On

When you smile at a friend
Or give someone a hug
Save a baby bird, a dog or cat, or even a baby bug
Pick a flower for a neighbor
Or just lend a helping hand
Oh the circle goes around and it all comes back again

Oh, the good you do lives on,
The good you do lives on
The good you do lives on and on
So send a message to the Universe you've got some good to give
And let your good live one...cause that's the way to live

When you remember someone's name
Or make somebody laugh,
Tell a funny joke, when somebody's feeling sad
Pick a can up off the street
Or keep your room real clean
The circle goes around and it all comes back again.

Oh, the good you do lives on,
The good you do lives on
The good you do lives on and on
So send a message to the Universe you've got some good to give
And let your good live one...cause that's the way to live

Go out and do some good
Show someone you care
Do it everyday
Send it out into the air
Show a little bit of love, make it all worthwhile
Turn around and shake a hand, share a little smile

Oh, the good you do lives on,
The good you do lives on
The good you do lives on and on
So send a message to the Universe you've got some good to give
And let your good live one...cause that's the way to live

THERE'S A HERO IN YOU

If you ever feel afraid of anything at all
Like a bully, or the wind
Or someone very tall
If you ever feel confused, or wonder what to do
Just look inside your heart
'Cause there's a hero in you

There's a hero in you
A little voice that knows
The right thing to do, the right place to go
The right thing always, to think, say, or do
So listen to your heart,
Listen to the hero in you

If you ever feel upset
And don't know where to run
You don't have far to go
'Cause you are the one
A hero that is smart, that knows what to do
Just look inside your heart
'Cause there's a hero in you

There's a hero in you
A little voice that knows
The right thing to do, the right place to go
The right thing always, to think, say, or do
So listen to your heart,
Listen to the hero in you

IT'S A BEAUTIFUL DAY

I've got the sun
I've got the moon
The air I breathe
It's a beautiful day
I've got my hands,
I've got my feet,
I've got my head
It's a beautiful day

Everybody, clap your hands and say
Thank you world it's a beautiful day
Everybody, clap your hands and say
Thank you world it's a beautiful day

If the sky is blue,
If the sky is grey
I've still got friends
It's a beautiful day
Gonna be alright
Gonna be OK
The day is mine
And it's a beautiful day

Everybody, clap your hands and say
Thank you world it's a beautiful day
Everybody, clap your hands and say
Thank you world it's a beautiful day

Even when I cry, even when I'm sad
Even when somebody tells me that I can't
I know there's so much good that is comin' my way
Oh I know it's gonna be a beautiful day

Everybody, clap your hands and say it
Thank you world it's a beautiful day
Everybody, clap your hands and say it
Thank you world it's a beautiful day

A Friend

When you have a friend
You keep them in your heart
And give them all your love
Every bit you've got

When you have a friend
You find happiness
When you look into their eyes
And feel your souls connect

A friend is kind, a friend is true
Someone who's always there for you
A friend can take your sad away
And turn it into a sunny day

When you have a friend
You keep them in your heart
And give them all your love
Every bit you've got
And give them all your love
When you have a friend

JOY

Everyday when I wake up I've got one thing on my mind
This is gonna be a great day
Oh I want to celebrate it every minute, every hour
So won't you sing with me, we can celebrate together

I've got joy, joy, joy in the morning
I've got joy, joy, joy in the night
And every second in between I'm so happy to be me
'Cause I've got joy, joy, joy, in my heart

Every night before I sleep I've got one thing on my mind
Tomorrow's gonna be a great day,
Oh I want to celebrate it every minute, every hour
So won't you sing with me, we can celebrate together

I've got joy, joy, joy in the morning
I've got joy, joy, joy in the night
And every second in between I'm so happy to be me
'Cause I've got joy, joy, joy, in my heart

(repeat)

A Circle Of Love

If one by one we reach out a hand
And give somebody whatever we can
If one by one we can understand
That's the way love grows

It just takes one candle to light the dark
Just takes one smile to make a spark
Just takes one somebody with an open heart
To catch the seed love sows

There's a circle of light that surrounds us
There's a magical light that's inside
And when we let that love light shine
Our love lights up the whole world

If one by one we go our way
Showing our kindness everyday
If one by one we spread our joy everyplace
That's the way love grows

There's a circle of light that surrounds us
There's a magical light that's inside
And when we let that love light shine
Our love lights up the whole world

BORN TO FLY

Everyday is a good day
When you're glad to be alive
There is love all around us
If we'd just realize

With a little bit of hope
And an open heart to share
Simply giving of yourself will get you anywhere

You can have it all
You can touch the sky
There's no great or small
You were born to fly

When you just believe
When it's do or die
Don't you ever give up
You were born to fly

When the mountain seems to high
Baby don't you be afraid
Just get your friends all around you
And they'll help you find your way

With just a little bit of faith
And an open heart to share
Simply giving of yourself will get you anywhere

Chorus

When you close your eyes at night
Hear the whispers in your dreams
You were born to be so beautiful, born to believe

Secrets, secrets
Secrets of the heart (repeat chorus)

I've got love and I've got joy
Oh, I've got joy
I've got peace and I've got happiness

Got to share them with the world
Got to whisper, got to shout
Oh, I've got joy

Secrets, secrets
Secrets of the heart
Secrets, secrets
Secrets of the heart

Answer: Tell the secrets, feel the energy
Feel your heart beat, sing the melody

Secrets of the heart - Share your secrets
Secrets of the.....heart. Yeah!
