

THE YOUNG MASTER'S PLEDGE

I promise
to use my gifts
every day
In every way
for I am a Young Master
Peace!

HERE WE GO

Over the sky and under the moon
Under the moon, under the moon
Over the sky and under the moon
Here we go, here we go, here we go

(Repeat)

Butaan, Phylos and Eetha
They were the best of friends
They heard about the powers that were here on Earth
The powers that the people had
So they packed up and came across the Universe - landed in a magic garden
And they met Saphinne the greatest sage on Earth
And learned the secrets of the heart.

The secrets of the heart
The secrets of the heart

Oh - Over the sky and under the moon
Under the moon, under the moon
Over the sky and under the moon
Here we go, here we go, here we go

WHEN YOU SHARE LOVE

When you share love
Show that you care
The world is changed
It knows you're there
When you share love
The world is bright
When you share love and shine your light

Chorus:

Shine your light
Shine your light
What you give with your love makes everything all right
Shine your light
Shine your light
What you give with your love makes everything all right

When you share love
Show that you care
The whole world smiles
It knows you're there
When you share love
Butterflies sing and sunflowers dance
'Cause love's a happy thing.

Chorus

Shine on, shine on
When you share your love,
You shine on
Shine on, shine on
When you share your love,
You shine on

Chorus

What you give with your love
Makes everything alright
What you give with your love
Makes everything alright

THIS LITTLE LIGHT OF MINE

I've got love (I've got love)
I've got a little light (I've got a little light)
I've got love (I've got love)
I've got a little light (I've got a little light)

Chorus

This little light of mine
I'm gonna let it shine
This little light of mine
I'm gonna let it shine
This little light of mine
I'm gonna let it shine
Let it shine, let it shine, let it shine

Everywhere I go
I'm gonna let it shine
Everywhere I go
I'm gonna let it shine
Everywhere I go
I'm gonna let it shine
Let it shine, let it shine, let it shine

I've got love (I've got love)
I've got a little light (I've got a little light)
I've got love (I've got love)
I've got a little light (I've got a little light)

Chorus

Let it shine, let it shine, let it shine
Let it shine, let it shine, let it shine

LOVE GOES AROUND IN A CIRCLE

Chorus:

Love goes around in a circle
Love goes around in a circle
Love goes around in a circle
And it comes right back to you

(Repeat)

When you give someone a great big hug
When you tell a friend how cool they are
When you feel that magic glow inside
When you shine your light just like a star

Chorus

When you give your heart like a birthday gift
When you tell someone I love you
When you care about somebody else
And do the good that love can do

Chorus:

Love goes around in a circle
Love goes around in a circle
Love goes around in a circle
And it comes right back to you

Breakdown:

Get on board the love train
Get on board and take a ride
Grab a partner, invite a friend
We're gonna ride on the love train.

Chorus:

Love goes around in a circle
Love goes around in a circle
Love goes around in a circle
And it comes right back to you

HEY YOUNG MASTER

Hey Young Master
What you gonna do
Gonna learn to use your powers
And do what you can do

Hey Young Master
What you gonna say
Say you'll build a better world
For all of us one day

And you can ride the wind
Roar like a lion
Be kind like a butterfly
And busy as a bee

And you will change the world
'Cause you are something special
'Cause you have special powers
Like creativity

Hey Young Master
What you gonna do
Gonna learn to use your powers
And do what you can do

Hey Young Master
Know you're gonna try
You make difference in the world
And one day you will fly.....

WHAT CAN I LEARN TODAY

I've got gifts that I can use
How will I use them?
How will I use them?
I've got gifts I can learn to use
What can I learn today?

What can I learn?
What can I learn?
What can I learn today?
What can I learn?
What can I learn?
What can I learn today?

I've got dreams that I can share
How will I use them?
How will I use them?
I've got dreams that I can share
What can I learn today?

What can I learn?
What can I learn?
What can I learn today?
What can I learn?
What can I learn?
What can I learn today?
